Product description																																																																																							
Description	Locking bands for aluminium micro cylinders ISO 6432 with M3 stainless steel nut and stainless steel hexagonal screw	Locking bands for inox micro cylinders ISO 6432 with M3 stainless steel nut and stainless steel hexagonal screw																																																																																					
Housing colour	black	black																																																																																					
Cylinder bore	bore 8 Order no. SA08	Order no. SF08																																																																																					
	bore 10 Order no. SA10	Order no. SF10																																																																																					
	bore 12 Order no. SA12	Order no. SF12																																																																																					
	bore 16 Order no. SA16	Order no. SF16																																																																																					
	bore 20 Order no. SA20	Order no. SF20																																																																																					
	bore 25 Order no. SA25	Order no. SF25																																																																																					
	suitable for bores 32 to 63																																																																																						
	suitable for bores 80 to 100																																																																																						
Drawing																																																																																							
Technical data																																																																																							
Mounting	Hexagonal M3 stainless steel screw	Hexagonal M3 stainless steel screw																																																																																					
Fixing screw torque	max. 0,5 N/m	max. 0,5 N/m

Material																																																																																							
Housing material	PA6 GF	PA6 GF																																																																																					
Packaging																																																																																							
Minimum quantity	100 pieces	100 pieces																																																																																					
Number of boxes suitable:	1 box																																																																																						
Approximate weight per box	1 Kg	1 Kg																																																																																					
Box dimension	29 x 15 x 18 cm	29 x 15 x 18 cm																																																																																					
Notes																																																																																							
Technical specifications on cables and accessories see pages 179-183
